

# TIGER-LINE 60 / CN BLACK

## FEATURES

TIGER LINE 60 / CN Black is a Premium grade 60 Shore 'A' Styrene-Butadiene rubber specifically designed for excellent resistance to impact, tear and dry particle abrasion applications.

TIGER LINE 60/CN Black is manufactured with Neoprene CN bonding layer and when used in conjunction with any type of Neoprene cements, superior adhesion strengths are achieved.

## TYPICAL FIELDS OF APPLICATIONS

- Chute and Launder Lining
- Conveyor Curtains
- Impact Wear Plates
- Variety of Sealing Applications
- Mill backing Rubber
- Screen Components
- Truck Bodies Lining
- Pulleys and Return Rollers

## TECHNICAL INFORMATION

Colour	<i>Black with a CN Bonding Layer</i>
Specific Gravity	<i>1.14 g/cm<sup>3</sup></i>
Hardness	<i>60±5 Shore A</i>
Abrasion	<i>140mm<sup>3</sup></i>
Tensile Strength	<i>14 N / mm<sup>2</sup></i>
Elongation at Break	<i>520% Minimum</i>
Available sizes:	<i>3mm, 6mm, 10mm, 12mm Thick / 1500mm Wide x 10mtrs in Length</i>

\*The information given above is based on random test results during production and represent the average result of our products as given from a statistic long-term evaluation. We reserve the right for changes to technical specifications without prior notice, provided they ensure technical improvement without major modifications of the products. Coloured rubber products containing the polymer NR, can change their colour due to natural deviation of natural rubber.
